Alan Emmanuel Aviña Venegas

alan.avinav@gmail.com | LinkedIn: Alan Aviña | Portfolio: Web CV | Tonalá, Jalisco, MX

Software & Automation Engineer — .NET / C#, React.js & Full Stack — Distributed Systems & Cloud Architecture

Professional Experience

Aumovio *(Plant Financial Controlling & Enterprise Systems)* **Guadalajara, MX**

Software & Automation Engineering Intern *Jul 2026 – Jul 2027*

- Engineered mission-critical **SAP RPA solutions** in **C#, .NET, Visual Basic, and Excel Interop** to turn manual workflows into "one-click" executions—**saving 19+ hours/month (230+ hours/year; 1+ full work-month annually)** while enforcing strict data integrity across massive datasets.
- Architected and deployed an **on-premise distributed automation infrastructure** backed by **Docker**, **SQL databases**, and **ASP.NET C# Web APIs**, implementing an asynchronous **process queue**, custom **Orchestrator**, and concurrency **Watchdog controller** to sequence server workloads safely without process collisions.
- Developed a high-performance **C# / XAML (DevWinUI)** desktop engine featuring **headless CLI execution** to bypass frontend rendering overhead, seamlessly triggered by an on-premise **next-gen Web Portal (React.js, HTML5, CSS3, JS)** designed with cutting-edge UI/UX trends and fluid animations.
- Collaborated in daily **Scrum** sprints across **Financial Controlling** and **IT engineering teams** via enterprise **GitHub** CI workflows; communicated assertively with department heads and senior leadership to align user priorities, governing full-lifecycle delivery through **Gantt roadmaps** and automated Excel audit logs.

Guía Cultural Metropolitana "Rinconcito" **Guadalajara, MX**

Technology Infrastructure Engineer & Full Stack Developer *Feb 2026 – Jun 2026*

- Led technical architecture and assertive stakeholder communication as primary engineering liaison in a strategic cultural alliance backed by **Gobierno de Jalisco, SITEUR, Mi Bici, Casa Profunda, and Arte Convergente**.
- Engineered **user-preference pattern tracking** and behavioral telemetry integrated with **Google Analytics** and backend pipelines, delivering audience insights on high-availability cloud deployments.

Technical Skills

Languages: C#, Python, JavaScript (ES6+), SQL, PHP, Java, Visual Basic (VB.NET), HTML5, CSS3, XAML.

Backend, Desktop & Automation: .NET, ASP.NET Web APIs, DevWinUI, SAP RPA, Process Queues & Orchestration, Laravel, Excel Interop.

Frontend, UI/UX & Analytics: React.js, Next.js, Tailwind CSS, Modern UI/UX (Glassmorphism, Neumorphism, GSAP, SVG), Google Analytics.

Databases, Cloud & DevOps: SQL Server, MySQL, MongoDB, Docker, On-Premise Servers, AWS (EC2, S3), Git/GitHub, Postman, Scrum, Gantt.

Selected Software Projects

Restaurant POS & Management Dashboard | *Full Stack Developer* **Laravel, Tailwind CSS, REST APIs, PayPal API**

- Architected a microservices-inspired workflow platform orchestrating waiter operations, kitchen queues, and secure **PayPal API** checkout.
- Built a real-time administrative dashboard with interactive sales/inventory charts and **Glassmorphism/Neumorphism** UI, verified via **Postman**.

MyPetHealth — Veterinary Management System | *Project Manager (Scrum) & Lead Dev* **Python Full Stack, Neumorphism, SVG**

- Directed end-to-end SDLC delivery under **Scrum**, engineering secure authentication (**Auth**) and clinical record management backends.
- Designed a high-fidelity **Neumorphism** interface with custom **SVG** loading animations, elevating visual standards and user experience (UX).

ERP & Ordering Platform "El Paraíso" | *Full Stack Developer* **Java Servlets, MySQL, WhatsApp API**

- Engineered an integrated administrative ERP and client ordering portal featuring **WhatsApp API automation** that injects confirmed web orders directly into the kitchen's real-time Production Queue.

Education

University of Guadalajara (CUTonalá) **Tonalá, Jalisco, MX**

Bachelor of Science in Computer Science *2023 – 2027 (Expected)*

- **Relevant Coursework:** Data Structures & Algorithms, Software Engineering, Cloud Computing, Database Systems, Theory of Computation.

Certifications, Languages & Leadership

Certifications & Languages: Scrum Fundamentals Certified (SFPC) | AWS Cloud Practitioner | **Spanish** (Native), **English** (B2 Upper-Intermediate).

Leadership & Core Competencies: Cross-Functional Technical Leadership, Assertive Executive & Stakeholder Communication, Customer Obsession.
